City of... Kent

The City of Kent is the fourth largest city in King County, with a culturally rich population of 86,660. It covers a geographic area of 29 square miles. Kent's population is projected to grow to 100,000 within the next few years!

Conveniently located directly between the cities of Seattle and Tacoma, Kent has several distinct neighborhoods and commercial districts within its boundaries.

Kent offers award winning parks, excellent school systems, and a caring and efficient City Administration.
