

City of...

Lynnwood

Lynnwood represents an entrepreneurial spirit which built the city to the present day center of transportation and commerce. Just behind the hustle of busy arterial streets there are quiet neighborhoods surrounded by trees and shrubbery.

The city offers a wide range of governmental, commercial and educational services. Many federal, regional and state governmental offices have facilities in Lynnwood. Manufacturers and retailers are attracted to the area since it is serviced by major transportation corridors.

Incorporated in 1959, the city covers an area of 7.7 square miles, with more than 34,000 residents and more than 2,500 businesses.
